June 11, 1981

Dr. Joshua Lederberg  
President  
The Rockefeller University  
1230 York Avenue  
New York, N. Y. 10021

Dear Joshua:

I phoned your secretary today to let you know of our travel plans for the July Ibec Board meeting in Sonoma, California. We will be in Sonoma July 22-23-24. The Board meeting is the morning of July 23, adjourning to a luncheon at a local winery, probably in the Napa Valley. The management of Nicholas Turkey Breeders will offer visits to the facilities in the afternoon for those wide enough awake to attend. That evening at about 6:00 p. m. or 6:30 p. m. there will be a dinner given at the home of Mr. and Mrs. George Nicholas, previous owners of the turkey breeding company. If you can make it by 3:30 p. m. that afternoon, I will schedule a discussion of our genetics engineering planning group to meet with you. I would be delighted if you would join us for the dinner, which should be over no later than 9:00 p. m. Please keep in mind that it is somewhat over an hour to get back to Berkeley.

We would expect to meet you on Friday at the Cetus Corporation in Berkeley at 3:00 p. m. As you know, we will be going to Davis in the morning. Please let me know what is your pleasure on the Thursday (July 23) and I will be delighted to send you driving instructions.

I got your kind letter of June 3 concerning Dr. Streisinger's breakthrough in fish breeding. This is indeed an interesting paper which I shall immediately circulate to those knowledgeable.

I am very appreciative of your bringing this material to our attention and we look forward to being with you in California.

Sincerely,

  
Rodman C. Rockefeller

IBEC: Secty. called to emphasize that although you are not expected at the Board mtg. on 7/23 a.m., they most certainly hope to see you at the luncheon at the winery.
